

ALP101 Concealed Door Loop

The ALP101 Concealed Door Loop is designed to fit within the door and frame offering both greater security and improved aesthetics as the door loop is invisible when the door is closed.

Ideal for single or double doors where the cable for the locking device is required to transfer power up to a maximum of 24 volts from the frame to door.

The concealed loop has also been certified for use on a 30 and 60 min timber fire door to EN1634-1.

Features & Benefits

- Fire-rated for 30 & 60 minute timber doors
- Satin Chrome Finish
- Ideal for double and single doors
- Means of convenience and security
