

Aluminium Euro Profile Hookbolt Locks

The hookbolt is constructed from stainless steel and is a 5 ply laminated construction, with the centre core case hardened, complete with hardened roll pin to resist hacksaw attack.

Deadlocks are available in both bar and hookbolt versions. The locks provide security deadlocking for a variety of aluminium doors including swinging and sliding applications.

Features & Benefits

- Range of backsets available
- Faceplate finish SAA
- Stainless steel laminated lockbolts
- Locks accept standard 17mm Euro Profile cylinders and thumbturn
