

PINGuard Weather Shield

SPG-365
(Digital Lock not included)

SPG-300
(Digital Lock not included)

PINGuard Weather Shield is a robust and flexible solution to protect from both PIN theft whilst also giving protection from weather conditions.

Two versions are available which fit behind the Mechanical Push Button Digital Lock offering an improved gasket seal to the standard gasket supplied making the product ideal for external doors.

The PINGuard Weather Shield is ideal for gates, perimeter doors and internal doors where the PIN code needs to be kept from view when the Mechanical Digital Lock is being used.

SPG-365 is for use with the SBL365 units which have fixing centres of 158mm.

SPG-300 is for the Securefast Mechanical Digital Locks in the 300 series which have 130mm centres, such as SBL300, SBL310, SBL315, SBL340 and SBL350.
