

Architectural Touch Sensitive Exit Buttons

A range of Architectural Touch Sensitive Exit Buttons with a back box for surface mounting. The exit buttons are available in black or ivory white with a blue LED standby lighting that changes to green when the sensor is activated by the hand or finger.

Designed to compliment current access control readers, the buttons are available as a standard gang size 86mm square or mullion style 56mm wide for fixing to a narrow door style or in a restricted space.
