

### ACP501 Resettable Call Point

*The ACP501 Resettable Call Point is ideal for any access control system and is not only resettable by key, but also has a cover to prevent accidental activation.*

One of the key reasons for false alarms is due to accidental activation caused by things such as hospital trolleys, or persons banging the manual call point, causing it to alarm.

#### Features & Benefits

- Sizes – 86 (H) x 86 (W) x 55mm (D)
- Current – 3A@36V DC Max
- Output – DPDT 2NO/2NC/2COM
